## I. B. Roberts Raised The Best Beans In Canada

The Royal Winter Fair held in Toronto each year is the show place of the best in all agricultural lines in the Dominion of Canada and to win at the Royal Winter is indeed a feather in the cap of any man.

This year I. B. Roberts, with the help of Mrs. Roberts, sent a sample of Navy Beans to the Royal and were very gratified to have it chosen as the best in Canada — winning over samples from all over the country. This is all the more wonderful because this is the first year that the Roberts have tried their hand at this crop, which they did on the recommendation of Mr. Will Hays of the Lethbridge Experimental Farm. This year was not one of the best for beans because of the cold spring and even though this variety of beans ripens early the crop was not too good. Mr. Roberts took off about 2½ tons of good beans. The average yield would be about 1000 lbs. an acre.

Mr. Roberts said that beans are market was unlimited. He said that very good for the soil and do not take as much labor as beets and that the firm of O'Loane and Kieley had opened this Lethbridge office because of the numerous prizes won at the Royal and at Chicago by farmers in this area. Research has proven, he said, that at least 35,000 acres of beans should be grown annually in this area. Mr. Roberts was the only bean grower in this district this year but it isn't an unusual thing for him to set the pace in agricultural development — he was one of the first to feed cattle here back in 1932 and was one of the organizers of the first feeder co-operatives in this district.

The Roberts sample of beans very nearly didn't even get to Toronto this year. Mr. Roberts said that they had no plans for sending it to Toronto but Mr. Hays called and suggested that they do, so an almost hectic time was spent sorting the beans and getting them ready for the show.

They had to send 20 pounds with only 18 being actually shown. Their work was completed just hours before the deadline and so a Raymond farmer is Bean King of Canada and who knows, after the sample has been shown in Chicago, he may even be Bean Champion of the World.

Congratulations Mr. and Mrs. Roberts.

## A Lemon Grows In Raymond

We may not be living in the tropics or even the semi-tropics (even though the current weather picture sometime makes us believe so) but semi-tropical fruit is being grown right here in Raymond.

Mr. and Mrs. Bill Greep have been watching a lemon tree grow and bear fruit in their home for about nine months and just recently the fruit fell from the tree. Bill was just touching the lemon and much to his surprise it came off in his hand. Ye Ed was present and can verify that Bill really wore a surprised look.

Mr. and Mrs. Greep made lemonade with their home-grown fruit and say that it was the best ever tasted.

The tree is still in production with six more lemons just starting to form — come next August we'll be dropping around for some homegrown lemonade Bill.

Mr. and Mrs. Wm Hague and children accompanied Mr. and Mrs. Peter Flerhaug to Barnwell on Sunday where they were guests of Mr. and Mrs. Jack Lehr.

## 'Jacks' Get A Good Start

— Beat Magrath and Calgary  
On Wednesday the Jacks travelled to Magrath and beat the mighty Rockets on their own floor. It was the first league game and proved to be a good one with Al West scoring 25 points, Allen Shaw 18, Snit Stevenson 13. Rice, as usual, was high man for Magrath with 22 points.

On Saturday evening in the Opera House a packed house of fans saw their favorites the Raymond Union Jacks take the Calgary Frieghtway's team to the cleaners.

It was too one-sided to really give the fans their moneys worth but we are proud of our re-instated Jacks and wish them the best of luck in the future.

Allan West led in the scoring making a full 29 points, closely followed by 'Snit' Stevensen with 22. Tops for Calgary team were Larson making a total of 12 points and Jensen running very close behind him with 11 to his credit.

Ira Bourne and Les Chubi were kept busy blowing their whistles as referees, with a total of 26 fouls called on the Jacks and 24 fouls on the Calgary boys. Stevensen and Shaw were fouled off the game.

Here is how quarter timing saw the game; ¼ time Raymond 17, Calgary 12, at ½ time Raymond made another 22 and Calgary made 15, at ¾ time the Jacks had helped themselves to another 25 points while Calgary received 11, and at the end with Raymond making another 25 points in the last quarter and Calgary claiming 23 the total score showed a balance of 86 to 61 in our favor.

Lineups —  
Calgary — Burrows 8, Jensen 11, Larson 12, Carney 13, Bond 7, Rogers 6, Holmes, Stevens 2, Tuttle, Kaughman. Total — 61.

Raymond — West 29, Shaw 12, Gough 7, Dahl 6, Brewerton 5, Stevensen 22, Snow 3, Ralph 2, Rolfsen. Total — 86.

It looks like we were headed for a good and we hope a successful basketball season.

The preliminary game was played by the Magrath Lions and our High School 'A' teams with our boys coping the honors by an easy margin.

Two scientists were discussing the future of nuclear fission. One was pessimistic and predicted a cosmic tragedy within ten years. I only know I can collect my bet and you can't".

A lady slipped on the stair of a New York subway station and started to slide to the bottom. Half-way down she collided with a gentleman, knocking him down and the two continued their way together—the lady on top. After they had reached the bottom, the lady, still dazed, continued to sit on the gentleman's chest. Looking up at her he said pitifully. "I'm sorry madam, but this is as far as I go."

You get more power on less gas

Here's all the power and performance you could ever ask for. In Powerglide\* models, you get the most powerful engine in Chevrolet's field — the new 115-h.p. "Blue-Flame." Gearshift models offer you the new 108-h.p. "Thrill-King" engine.

You can see all around

You see *all* the road ahead and see it close in. For you look out and down through a wide, curved, one-piece windshield that sweeps back to narrow corner posts. The panoramic rear window and big windows provide a clear view in all directions.

And it's the lowest-priced line

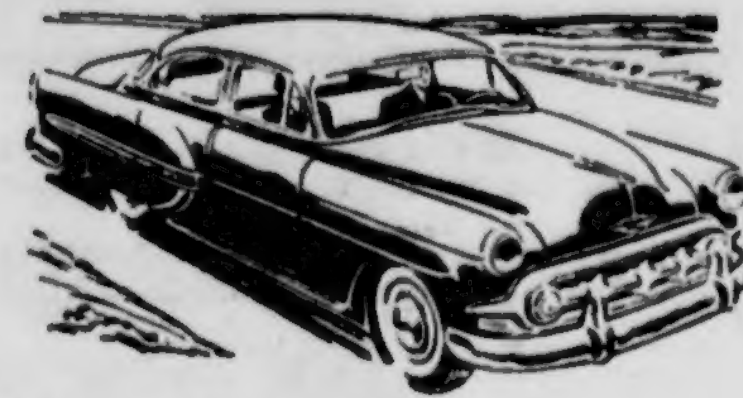

Chevrolet offers you about everything you could want. So what's the point in paying more? You can be ahead in *every* way with a new Chevrolet!

\*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

C-25538

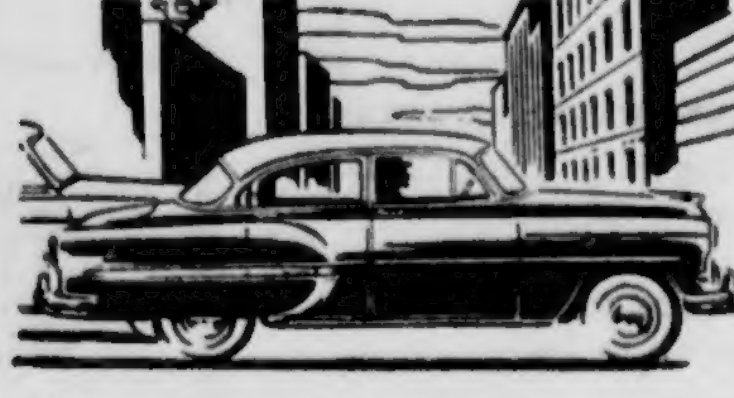

I figured on paying about \$200 more for a new car... until a *Discovery Drive* showed me all that Chevrolet offers

I was ahead in every way after this demonstration!

A Smoother and a Safer Ride

Chevrolet has ample weight to give a good, road-hugging ride. It's weight that comes from Chevrolet's extra strength, weight that means extra protection and safety because it's been utilized in strengthening body and frame.

You get greater getaway with the new Powerglide\*

A lot finer performance on a lot less gas. Now you're automatically in "low" range for standing starts and for quick passing in city traffic. Then, automatically again, you slip smoothly into "cruising" range as you pick up speed.

Even Power Steering, if you want it

Just like the highest-priced cars, Chevrolet offers you the amazing convenience of Power Steering on all models. You ought to try Power Steering to see how *easy* driving can be. It's optional, of course, at extra cost.

### A Test Of Friendship

If a friend of mine gave a feast, and did not invite me to go to it, I should not mind a bit. But if a friend of mine had a sorrow and refused to allow me to share it, I should feel most bitterly. If he shuts the doors of the house of mourning against me, I would move back again and again and beg to be admitted, so that I might share. If he thought me unworthy, unfit to weep with him, I would feel it as the most poignant humiliation, as the most terrible mode for which disgrace could be inflicted on me. He who can look on the loveliness of the world and share its sorrow, and realize something of the wonder of both, is in immediate contact with divine things, and has got as near to God's secret as anyone can get. —Oscar Wilde.

### WHEN MA IS SICK

When Ma is sick she pegs away;  
She's quiet, though, not much to say.  
She goes right on a-doin' things,  
An' sometimes laugh or even sing.  
She says she doesn't feel extra well,  
But then it's just a kind of spell.  
She'll be alright tomorrow sure,  
A good old sleep will be the cure.  
An' Pa he sniffs an' makes no kick  
For women folks is always sick.  
An' Ma she smiles, lets on she's glad—  
When Ma is sick.

### WHEN PA IS SICK

When Pa is sick he's scared to death  
An' Ma an' us just holds our breath.  
He crawls in bed, an' puffs and grunts  
And does all kinds of crazy stunts.  
He wants Doc Brown, an' mighty quick  
For when Pa is ill he's awful sick.  
He gasps and groans, an' sorta sighs;  
He talks so queer, an' rolls his eyes.  
Ma jumps an' runs, an' all of us,  
An' all the house is in a fuss.  
An' peace and joy is mighty skeer—  
When Pa is sick, it's something fierce.
